

Press Release

08/29/07

Mark Seymour, President and CEO of Kriska Holdings Limited, is pleased to announce that “Kriska” has assumed the international cross border truckload activities of Muirs International Inc. effective September 9, 2007.

Recognizing the industry consolidation that is occurring, both companies have agreed to enter into this agreement. “Our strategy is to add quality revenue and quality people to the Kriska organization,” says Mark Seymour. “Muirs International will further compliment our objective and we are very confident that employees and customers of Muirs International will see the value in our latest venture.”

Kriska is a major Canadian carrier and has for the last seven years been designated as one of “Canada’s 50 Best Managed Companies.” Kriska operates more than 400 power units with approximately 600 employees and owner operators from terminals in Prescott, Mississauga, Ottawa, and Montreal.
